OUR STORY

In Colorado Springs, the air is crisp, the winters are cold and we think it is the best place to come up with innovative ideas to bring more comfort to your pets.

Since the acquisition of Lectro-Kennel in 1998, K&H has become the leading manufacturer of pet, pond and agriculture products. Each year has seen the development of new and unique products providing comfort for pets and appreciation by you, their owner.

THERMO-PERCH™ (pictured left)

The patented Thermo-Perch™ helps protect your exotic birds from the harmful effects of air conditioning and cold drafts. Cold is a major contributor to health problems for exotic birds, and providing warmth is the first step of avian experts and veterinarians. Thermostatically controlled, Thermo-Perch™ provides a safe, consistent source of warmth, stabilizing the bird's environment. Made of sturdy scratch and bite-resistant plastic, it attaches easily to wire cages. Its irregular shape reduces foot cramps and pressure sores, providing orthopedic benefits. K&H POULTRY WATERER™

Finally a poultry waterer that works and stays clean! The revolutionary patent pending design of the K&H Poultry Waterer™ incorporates an easy carry reservoir handle, spill proof cap, water filter ring, and an ingenious shape that eliminates roosting and the inherent dirty water that comes with it. The K&H Poultry Waterer™ can be easily re-filled without spilling or having to empty the whole waterer. Cleaner water = happier poultry. K&H also offers a heated version, the K&H Thermo-Poultry Waterer™ which has been tested in sub-zero F° temperatures. Two year limited warranty.

PATENT PENDING

THERMO-PEEP™ HEATED PAD

The Thermo-Peep™ Heated Pad is the ideal additional heat source for your peeps! The 9" x 12" size is perfect for the urban farmer in many settings. Use in the first stages of life for mandatory heat requirements and later when old man winter pays a visit! The internal thermostat is pre-set to the perfect temperature. Ensuring your chicks do not "get chilled" will help prevent "pasting" and support a healthy start. Only 25 watts makes the Thermo-Peep™ Heated Pad the most energy efficient heat source on the market for your peeps. We even capped the cord entrance and the first 18" of the power cord with steel for the ultimate safety and well-being of your birds. Holes in the four corners allow for screws to anchor the pad on wood surfaces or wired in place with traditional chicken coops. For use in an enclosure. MET Listed. One year limited warranty.

THERMO-CHICKEN™ HEATED PAD

The Thermo-Chicken™ Heated Pad is perfect for chicks and chickens. The 12.5" X 18" size is perfect for most chicks and chickens. Use in the first stages of life for mandatory heat requirements and later when old man winter pays a visit! The internal thermostat is pre-set to the perfect temperature. Ensuring your chicks do not "get chilled" will help prevent "pasting" and support a healthy start. Only 40 watts makes the Thermo-Chicken™ Heated Pad very energy efficient. It can be placed on the floor or mounted to a wall. For use in an enclosure. MET Listed. One year limited warranty.

STOCK TANK DE-ICERS

The "Farm Essentials" line from K&H Manufacturing has "reinvented the wheel" when it comes to keeping fresh water available in the winter. Every K&H de-icer is thermostatically controlled and safe to use in all stock tanks, unlike nearly all of the other de-icers available in the market today. No expensive shrouds or cages need be purchased either. Every one of our de-icers can be used as a floating de-icer out of the box or in seconds converts to a submersible de-icer with the click of a button! In the past, all that was readily available were energy gulping 1000 watt to 1500 watt de-icers; Customers had no choice but to purchase these expensive to run de-icers, even when they didn't need it. We've solved this problem by creating a whole line of de-icers along with a convenient zone chart for consumers to choose the correct de-icer, every time! A free cord safety slip is also included with every de-icer. This ingenious dip secures the de-icer to the edge of the stock tank, bucket or container to help prevent chewing, cribbing or removable of the de-icer from the tank. When it comes to fresh water, K&H Farm Essentials is the choice that makes "cents". MET listed. Two year limited warranty.

QUALITY

Only the finest materials are used to make K&H products durable and long lasting. We have one of the lowest return ratios in the pet industry.

THERAPEUTIC BENEFITS

Every K&H bed or mat provides warmth to relax muscles for active pets and to sooth joints and muscles for aging and arthritic pets. Our traditional beds feature choices of memory foam, orthopedic foam and self-heated polyfilled beds to help your pet enjoy their K&H bed.

VET & PET EXPERT RECOMMENDED

Thousands of veterinarians and pet experts use, recommend and promote the year-round use of not only our traditional bed line but our innovative heated pet bed line as well. They find our products reliable, affordable and beneficial to pets.

GREEN & ENERGY EFFICIENT

With our industry-changing technologies, many of our products cost less to run than the average night light. Low wattage = low operating costs. That's important in today's world of high energy costs. K&H proudly uses foam made from bio-based materials and polyfil made from recycled bottles.

PRODUCT DEPTH & INNOVATION

The most extensive line of heated pet products in the industry. Our product line is totally unique, with products unlike anything offered by other manufacturers. Our traditional beds and throws offer the total pet comfort solution.

SAFETY

K&H Pet Products works closely with MET Laboratory to assure safe products for pets and homes.
