Pond, Bird, & Small Animal Products

Thermo-Pond™ 3.0

For ponds up to 1000 gallons! The world's most energy efficient pond heater! Thermo-Pond is a unique patented pond heater that keeps a hole through the ice in backyard ponds for just pennies a day. In fact, Thermo-Pond can save up to \$30.00 a month in electricity VS. those high wattage stock tank style de-icers! Just think, Thermo-Pond pays for itself in as little as 2 months. Thermo-Pond floats on top of the water and is thermostatically controlled to never get hot. Unlike some other heaters, Thermo-Pond will never burn a pond liner or plastic pond. It naturally allows the pond to ice over while maintaining a hole through the ice. Allowing that gas exchange can help keep a healthier environment during the winter months Thermo-Pond should be used in ponds that are deep enough to allow plenty of livable water under the iced portion of the pond. One year limited warranty.

Perfect Climate™ Submersible

The Perfect Climate is the latest product for use in smaller, shallow, and pre-formed ponds up to 300 gallons. It is a low wattage submersible pond de-icer. The Perfect Climate is the perfect choice for small pond owners. In milder winter weather, the Perfect Climate can keep an entire small pond completely ice free. When the wrath of winter sets in, it will always keep a hole through the ice. The Perfect Climate is pre-set to never let a pond to get over 45° Fahrenheit, allowing your fish to winter over naturally. The Perfect Climate is only 300 watts, which allows huge energy savings VS. those high wattage stock tank style de-icers. Float Attachment is also available to make this submersible unit into a floating de-icer. Two year limited warranty.

Ice Eliminator™ Birdbath De-Icer

The unique design and low energy consumption aren't the only reasons Ice Eliminator has become a best seller. Let's just list a few more... Solid aluminum housing keeps the unit from falling out of the birdbath. Attractive rock-like design blends naturally with any birdbath. Spray paint any color to match any birdbath. Will not calcify, rust, or leave stains in birdbaths. Won't burn or melt plastic birdbaths. Being only 50 watts, it saves \$ vs. most other brands. Three year limited warranty.

Thermo-Perch™

The patented Thermo-Perch helps protect your exotic birds from the harmful effects of air conditioning and cold drafts. Cold is a major contributor to health problems for exotic birds, and providing warmth is the first step that avian experts and veterinarians turn to. Thermostatically controlled, Thermo-Perch provides a safe, consistent source of warmth, stabilizing the bird's environment. Made of sturdy scratch and bite resistant plastic, Thermo-Perch attaches easily to wire cages. Its irregular shape reduces foot cramps and pressure sores, providing orthopedic benefits.

Small Animal Heated Pad

Only 25 watts is all that's needed to keep the indoor or outdoor pet warm and comfy even in the coldest of climates. The 9" X12" size is perfect for Rabbits, Guinea Pigs or Ferrets and is ideal for the re-habilitation of wildlife. The internal thermostat is pre-set to be the perfect temperature. We've cleverly rounded all the edges to take away a chewing surface and even capped the cord entrance and the first 18" of the power cord with steel. Holes in the 4 corners of the pad are the perfect anchor points to keep the pad in place. Screws can be used to anchor the pad on wood surfaces or wired in place for wire floored cages. The Small Animal Heated Pad is the perfect warm spot for any small animal. Indoor or outdoor use. One year limited warranty.
