# Play hard

# Rest warm

## Original LECTRO-KENNEL™

Breeders, pet owners, and veterinarians have been using LECTRO-KENNELS™ to warm pets for more than 40 years. This new sleek, smooth design is now more comfortable and durable than ever! Constructed of rugged ABS plastic with a steel wrapped cord, the LECTRO-KENNEL™ can lie flat on the doghouse floor or be attached to the wall. An internal thermostat heats to complement the body temperature range of your pet. LECTRO-KENNEL™ also comes with a free removable, washable fleece cover. Indoor or outdoor use. One year limited warranty.

Small	12½ x 18½	40 watts	Item# 1000
Medium	16½ x 22½	60 watts	Item# 1010
Large	22½ x 28½	80 watts	Item# 1020

The LECTRO-KENNEL comes with a super-soft, removable cover

## LECTRO-SOFT™ Outdoor Heated Bed

The first soft, outdoor heated bed on the market! The LECTRO-SOFT™ comes in three sizes and is extremely low wattage. Perfect for doghouses, basements, garages, barns, sheds, porches or any other outdoor shelter. This soft, orthopedic bed is unique in that it will still provide soft, comfortable warmth even in sub-zero weather! Super soft PVC is used on the exterior to ensure the bed doesn't absorb water and stay wet like a fabric bed would. Indoor or outdoor use. One year limited warranty.

Small	14x18	20 watts	Item# 1070
Medium	19x24	40 watts	Item# 1080
Large	25x36	60 watts	Item# 1090

It comes with a super-soft, removable cover

# a perfect fit, a positively pleased pooch

## Igloo Style Heated Pads

Round, or dome shaped doghouses have been a best seller for years and the Igloo Style Heated Pad is the answer to provide warmth for the animals using these homes. Its half round shape fits easily through the door of the home and allows for the pet to stay on or off the heated surface. The Igloo Style Heated Pad provides reliable, affordable comfort. Indoor or outdoor use. One year limited warranty.

Small	11½ x 18	40 watts	Item# 1030
Medium	14½ x 24	60 watts	Item# 1040
Large	17½ x 30	80 watts	Item# 1050

**Thermal-Bowl™**  
A big 96-ounce and a whopping 1.5-gallon Thermal-Bowl makes water available for pets in even the most extreme cold temperatures. Thermostatically-controlled Thermal-Bowl is the answer to freezing water bowls. Just plug it in and your pet's water will remain open all winter. All electronics are safely sealed inside and the cord is steel wrapped to prevent abrasion. The 96-ounce comes in blue, and the 1.5-gallon is available in a gray granite color. These bowls are only 25 watts for extremely low energy consumption. One year limited warranty.

Blue	96-ounce	25 watts	Item# 2010
Granite	1.5-gallon	25 watts	Item# 2020

Body temperature  
warmth eases muscle  
pain and encourages  
circulation for active or  
arthritic pets. It's why  
many vets recommend &  
use K&H Lectro-Kennel  
heated pads in their  
clinics & prescribe them  
for recuperating pets.

These pads can also be  
used in garage, barns,  
porches or anywhere a  
dog can benefit from  
warmth and shelter.

## Lectro-Cover™ & Igloo Style Heated Pad Cover

A faux lambskin and washable K&H Lectro-Cover is available for every size Lectro-Kennel Pad. The Lectro-Cover is an excellent add on sales item for Lectro-Kennel owners. The soft weave allows the warmth to radiate through. One year limited warranty.

Looking forward to a warm place

after a long day of exploring

Kitty Camper™

Comfort, luxury, durability and protection from the cold... The K&H Outdoor Thermo-Kitty Camper has it all! Utilizing our Outdoor Heated Kitty Pad as the source for warmth, this is the perfect heated shelter for any outdoor cat. Simply put it in a wood shed, garage, porch, barn or any outdoor structure and plug it in. We've cleverly incorporated 2 doors for that "just in case" quick exit from an un-welcome visitor. We'll admit it, we thought of everything. UL listed. One year limited warranty.

14" x 20"    40 watts    Item #3983

Outdoor Heated Kitty Pad™

The Outdoor Heated Kitty Pad is an essential source of warmth for any cat that spends time outdoors. Its internal thermostat keeps the surface nice and warm even in the coldest of temperatures. Place in a shed, garage, barn, or any outdoor shelter where your kitties spend time. It's made of rugged ABS plastic and a free fleece cover is included. Recommended for indoor and outdoor use. One year limited warranty.

Small    12½" x 18½"    40 watts    Item #3093

Lectro-Soft™

Outdoor Heated Kitty Bed

The first soft, outdoor heated Kitty bed on the market! The Lectro-Soft comes in the purrrfect size for cats and is extremely low wattage. Perfect for cat houses, basements, garages, barns, sheds, porches or any other outdoor shelter. This soft, orthopedic bed is unique in that it will still provide soft, comfortable warmth even in sub-zero weather! The design offers warmth only under the pet so the energy efficient technology doesn't waste money trying to heat the entire surface of the bed. Rugged super soft PVC is used on the exterior to ensure the bed doesn't absorb water and remain wet like a fabric bed would. Free fleece cover included! Indoor and outdoor use. One year limited warranty.

Small    14" x 18"    20 watts    Item #1070

Small Animal Heated Pad

Only 25 watts is all that's needed to keep the indoor or outdoor pet warm and comfy even in the coldest of climates. The 9" X12" size is perfect for rabbits, guinea pigs or ferrets and is ideal for the re-habilitation of wildlife. The internal thermostat is pre-set to be the perfect temperature. We've cleverly rounded all the edges to take away a chewing surface and even capped the cord entrance and the first 18" of the power cord with steel. Holes in the 4 corners of the pad are the perfect anchor points to keep the pad in place. Screws can be used to anchor the pad on wood surfaces or wired in place for wire floored cages. The Small Animal Heated Pad is the perfect warm spot for any small animal. Indoor or outdoor use. One year limited warranty.

25 watts	Item# 1060
----------	------------

Thermo-Perch™

The patented Thermo-Perch helps protect your exotic birds from the harmful effects of air conditioning and cold drafts. Cold is a major contributor to health problems for exotic birds, and providing warmth is the first step that avian experts and veterinarians turn to. Thermostatically controlled, Thermo-Perch provides a safe, consistent source of warmth, stabilizing the bird's environment. Made of sturdy scratch and bite resistant plastic, Thermo-Perch attaches easily to wire cages. Its irregular shape reduces foot cramps and pressure sores, providing orthopedic benefits. One year limited warranty.

Perfect Climate™ Deluxe Pond De-Icer

The new "Perfect Climate" line from K&H Manufacturing has "reinvented the wheel" when it comes to keeping ice-free water available in winter ponds. Every K&H de-icer is safe in all ponds, unlike many of the other de-icers available in the market today. Every one of our de-icers can be used as a floating de-icer out of the box or in seconds converts to a submersible de-icer with the click of a button! In the past, all that was readily available were energy gulping 1000 watt to 1500 watt de-icers; pond owners had no choice but to purchase these expensive to run de-icers, even when they didn't need it. We've solved this problem by creating a whole line of de-icers along with a convenient zone chart for consumers to choose the correct de-icer, every time! When it comes to ice free ponds, K&H Perfect Climate is the choice that makes cents. Two year limited warranty.

250 watt	Item #8125
750 watt	Item #8175
1500 watt	Item #8115

Thermo-Pond™ 3.0

For ponds up to 1000 gallons! The world's most energy efficient pond heater! Thermo-Pond is a unique patented pond heater that keeps a hole through the ice in backyard ponds for just pennies a day. In fact, Thermo-Pond can save up to \$30.00 a month in electricity VS. those high wattage stock tank style de-icers! Just think, Thermo-Pond pays for itself in as little as 2 months. Thermo-Pond floats on top of the water and is thermostatically controlled to never get hot. Unlike some other heaters, Thermo-Pond will never burn a pond liner or plastic pond. It naturally allows the pond to ice over while maintaining a hole through the ice. Allowing that gas exchange can help keep a healthier environment during the winter months. Thermo-Pond should be used in ponds that are deep enough to allow plenty of livable water under the iced portion of the pond. One year limited warranty.

100 watts	Item #8001

Ice Eliminator™ Birdbath De-Icer

The unique design and low energy consumption aren't the only reasons Ice Eliminator has become a best seller. Let's just list a few more... Solid aluminum housing keeps the unit from falling out of the birdbath. Attractive rock-like design blends naturally with any birdbath. Spray paint any color to match any birdbath. Will not calcify, rust, or leave stains in birdbaths. Won't burn or melt plastic birdbaths. Being only 50 watts, it saves \$ vs. most other brands. Three year limited warranty.

50 watts	Item #9000

# The revolutionary, all-in-one design, like no other!

## Stock Tank De-Icers

The new "Farm Essentials" line from K&H Manufacturing has "reinvented the wheel" when it comes to keeping fresh water available in the winter. Every K&H de-icer is safe in all stock tanks, unlike nearly all of the other de-icers available in the market today. No expensive shrouds or cages need be purchased either. Every one of our de-icers can be used as a floating de-icer out of the box or in seconds converts to a submersible de-icer with the click of a button! In the past, all that was readily available were energy gulping 1000 watt to 1500 watt de-icers. Customers had no choice but to purchase these expensive to run de-icers, even when they didn't need it. We've solved this problem by creating a whole line of de-icers along with a convenient zone chart for consumers to choose the correct de-icer, every time! A free cord safety clip is also included with every de-icer. This ingenious clip secures the de-icer to the edge of the stock tank, bucket or container to help prevent chewing, cribbing or removal of the de-icer from the tank. When it comes to fresh water, K&H Farm Essentials is the choice that makes cents. Two year limited warranty.

In Colorado Springs, the air is crisp, the winters are cold and we think it is the best place to come up with innovative ideas to bring more comfort to your pets.

Since the acquisition of Lectro-Kennel in 1998, K&H has become the leading manufacturer of heated pet products. Each year has seen the development of new and unique products providing comfort for pets and appreciation by you, their owner.

When you carry K&H, you have the best-selling pet-comfort solutions

### Vet and Pet Expert Recommendations

Thousands of veterinarians and pet experts use, recommend and promote the year-round use of our Thermo-Pet Products. They find our products reliable, affordable and beneficial to pets.

### Therapeutic Benefits

Every K&H bed or mat provides warmth to relax muscles for active pets and to soothe joints & muscles for aging and arthritic pets.

### Safety

K&H Pet Products works closely with Underwriters Laboratory to assure safe products for pets and homes.

### Energy Efficiency

With our industry-changing technologies, many of our products cost less to run than the average night light. Low wattage = low operating costs. That's important in today's world of high energy costs.

### Quality Control and Low Returns

Only the finest materials are used to make K&H products durable and long lasting. We have one of the lowest return ratios in the pet industry.

### Product Depth and Innovation

The most extensive line of heated pet products in the industry. Our product line is totally unique, with products unlike anything offered by other manufacturers.

Each K&H product is continually tested in real-world conditions, assuring you, the customer, of fault-free, safe, ULL listed products.
